

NOTICE OF PROPOSAL TO CREATE AGRICULTURE PROTECTION AREA

South Fork Land 2026

January 20, 2026

Ag protection allows certain protections to landowners from zone changes. They can still take advantage of all uses in their underlining zone and develop as they wish as long as it is permitted.

Notice is hereby given that a proposal has been filed with the Utah County Commission to establish the South Fork Land 2026 agriculture protection area in Section 10 & 15, Township 9 South, Range 2 East, Salt Lake Base and Meridian, with a total area of 21.38 acres. The proposal will be open to public inspection at the Community Development Office, 51 South University Ave, Room 117, Provo, Utah, (801) 851-8343, during regular office hours. Any person or entity affected may file a written request for modification to add or remove land from the proposal or written objections to the proposal with the County Commission within 15 days of the date of this notice. The County Commission will submit the proposal to the Agriculture Protection Area Advisory Board and to the Planning Commission for review and recommendations. The County Commission will schedule a public hearing to discuss and hear public comment of the proposal to create the agricultural protection area, requests for modification, objections, and the recommendations of the Agriculture Advisory Board and Planning Commission. A Public Hearing will be scheduled at a future date, and an additional notice will be posted and mailed.
